

APRICUM
THE CLEANTECH ADVISORY.

Passionate about renewable energy? Make it your profession.

Internship at Apricum – The Cleantech Advisory

About Apricum

Apricum – The Cleantech Advisory is a strategic management consultancy with an exclusive focus on renewable energy technologies, based in Berlin. We advise companies and investors worldwide in strategy design, M&A transactions and business development.

Your position

Based in Apricum's Berlin office, you are part of Apricum's consulting team and work as Project Associate for clients around the globe, contributing to strategic projects in renewable energy industries. You analyze markets and technologies and condense findings in presentations for our clients' top-level management. You are coached by an experienced Project Manager.

Our offer in brief

- Work in the dynamic environment of a young top-management consulting firm
- Develop your profile in the rapidly-growing cleantech industry
- Learn from an international, experienced, expert team
- Be based in Berlin, contribute to projects around the globe

Your profile

- Bachelor's degree with excellent academic achievements, preferably in engineering, business, economics or science.
- Some work experience, preferably in consulting, industry or finance
- Interest in energy-related topics, enthusiasm for renewable energy
- Highly-structured thinking and strong analytical skills
- Fluent skills in English, both spoken and written. Proficiency in German is a plus

Your application

Please visit our website or contact Eva-Susanne Fleige on +49 30 30 877620 for more information. Please send your complete application, including motivation letter, curriculum vitae, Abitur-Zeugnis for German applicants, academic transcripts, relevant reference letters and mention of your earliest availability to career@apricum-group.com.
